

Dear colleagues,

12th International Symposium on Targeted Alpha Therapy postponed to 20 - 23 February 2023

On behalf of the Organizing Committee, we would like to inform you that in view of the ongoing developments with coronavirus disease (COVID-19), the 12th International Symposium on Targeted Alpha Therapy that was scheduled for March 2022 in Cape Town has been postponed.

TAT'12 will now take place from 20-23 February 2023 at the same venue in Cape Town, South Africa.

The symposium will still be starting with a welcome reception in the evening of February 20th 2023, followed by 3 days of oral and poster presentations on February 21st to February 23rd 2023 in Cape Town International Convention Center (<https://www.cticc.co.za/>).

We sincerely hope that you will still participate to make the symposium a success with your contribution. Please forward this announcement to any colleagues interested.

The deadline for abstract submission is Nov 31, 2022. Further details on abstract submission, registration and housing will be sent out and will be posted on the TAT'12 website (under construction) soon. For any inquiries related to TAT'12, please do not hesitate to contact Ms. Pule Marumo (tat12.capetown@gmail.com)

Please mark your calendar for a visit of Cape Town in March 2023!

Kind regards,

Mike Sathekge, Mariza Vorster, Otto Knoesen, Frank Bruchertseifer and Alfred Morgenstern

Pule Marumo
